### NOTICE OF TECHNICAL CONFERENCE

#### I. INTRODUCTION

On August 4, 2014, the Department of Public Utilities ("Department") issued its Order, D.P.U. 13-182-A, which, among other things, identified several issues for further investigation in this proceeding. To better understand these issues, the Department will hold two technical conferences.

#### II. TECHNICAL CONFERENCE

The Department will hold technical conferences on **October 16, 2014 and November 6, 2014 at 10:00 A.M.**, at the Department's offices, One South Station, 5<sup>th</sup> floor, Boston, Massachusetts 02110. The technical conferences will address the following issues identified in D.P.U. 13-182-A: (1) the design and implementation of appropriate rate structures to encourage off-peak electric vehicle ("EV") charging and associated metering; (2) the positive and negative impact of EV charging on the distribution system; (3) the implementation of grid interactive technologies and pilots; and (4) other considerations raised by stakeholders. The Department intends to issue a more detailed agenda in advance of the technical conferences. If you have any questions, please contact Mike Wallerstein, Hearing Officer, Department of Public Utilities, at (617) 305-3500 or [mike.wallerstein@state.ma.us](mailto:mike.wallerstein@state.ma.us).
