**Location:** Denver, Colorado, 80206**VIN #:** 5YJRE1A16A1001112**Mileage:** 27,000**Transmission:** Auto**Condition:** Excellent**Exterior:** White**Interior:** Red, Black and Stainless Steel**Seller's Description:**

**2010 Tesla Roadster Version 2.5**, This is Roadster #1112. Has an uncommon combination of Artic White exterior with red and black leather seats and red leather side panels that makes it truly stand out. Current (second) owner purchased this Roadster from Tesla as a certified vehicle when it was three years old. It has spent the majority of its life in Seattle. Shows no material blemishes. Driven very little in the last few years (maybe four thousand miles). Garaged and charged at all times. Has original battery pack, and the battery pack health is excellent (charges to around 180 miles in standard mode); CAC reading is 144.43Ah. No past or current PEM issues. In the last two years, the only maintenance needed was replacement of the 12 volt battery, TMPS replacement, and a Garmin firmware update. Tesla arranged and paid for upgraded interior leather and side panels around year 4, and the leather appears like new. Comes with OEM ragtop and hardtop, as well as an assortment of charger adapters. Current (second) set of tires do not have many miles on them. If you've been seeking a pampered Roadster, this one is a great choice!
