CA License # 530588

530-337-6495

## Job Description:

Design and install fully operational and complete grid tied PV system of size shown with equipment shown on sales itemized list. Install panels on garage roof. Install inverter in the garage and wire into panel. Handle county permit and engineer, and interconnect paperwork. **SYSTEM RATED at producing 13922 kwhr annually.**

## Payment Information:

Materials due when delivered on site at beginning of job, if contractor desires to bill for materials before end of job. Labor due in full the day system is finalized by county. \$1000 deposit is to be paid toward contract at signing of contract to cover design drawings and interconnect paperwork. By state law, customer can cancel contract by midnight of the 3rd day from date of signing. Complaints can be filed at [www.CSLB.ca.gov](http://www.CSLB.ca.gov).

## Further Information:

Price good for 30 days from date presented. Email: [robert.guinn@effcomp.com](mailto:robert.guinn@effcomp.com)

## Warranty Information:

Equipment and labor have 10 yr warranty mandatory by CSI. LG panels - linear 25 yr, Fronius inverter - 10 yr
