

NOTICE

YOU PARKED YOUR NON-ELECTRIC VEHICLE IN AN ELECTRICAL VEHICLE (EV) CHARGING SPOT. THIS BLOCKS OTHERS FROM BEING ABLE TO CHARGE THIER CARS.

You may have prevented someone from reaching home or other destinations. This is mostly likely an oversight on your part. Please understand that these chargers are, to an electric car, just like a gas pump to you; imagine if you were blocked from getting gas when you needed it!

PLEASE DO NOT PARK IN DESIGNATED EV CHARGING SPACES.

Thank you for your consideration
