

# NOTICE OF VIOLATION

**YOU PARKED IN A DESIGNATED ELECTRICAL VEHICLE (EV) CHARGING SPACE AND PREVENTED SOMEONE FROM BEING ABLE TO CHARGE THEIR CAR. PLEASE PAY ATTENTION TO THE SIGNS AND DO NOT PARK IN A DESIGNATED EV SPACE!**

---

Would you appreciate it if an electric car parked at a gas pump, blocking your ability to fill up your car? **Please don't block spaces that are designated for EV charging!** Every time you block a space, someone is not able to get home or continue on their journey. While most likely an oversight on your part, blocking an EV charging space is inconsiderate, disrespectful and rude.

**READ THE SIGNS! RESPECT OTHERS!**

*In many states it is illegal for a gasoline or hybrid vehicle to park in a designed EV charging space. Depending on the laws of your state, if you do this again you may be fined, your car may be towed, or both. While your behavior has been noted, it has not been reported to the authorities out of courtesy. Please be aware that EV owners are within their rights to report you to the authorities if you repeat this behavior. Consider yourself warned!*

---

**WITHIN THE NEXT 24 HOURS YOUR VEHICLE LICENSE PLATE \_\_\_\_\_ WILL HAVE BEEN PUBLISHED AT [WWW.ZAPATAG.COM](http://WWW.ZAPATAG.COM) FOR EVERYONE ON THE INTERNET TO SEE, AND TO PUBLICLY DOCUMENT YOUR VIOLATION.**

**PLEASE DO NOT DO THIS AGAIN!**
