## Description

### K-MOTOR

- Billet Aluminum Tesla Model 3 Jack Point / Pad Adapter Tool
- Necessary To Have For Any Tesla Model 3 Owner Or Repair Shops
- Help & Prevents Damage To The Battery & Side Skirts
- Prevents Damage To The Paint On The Lift Points
- Allows For Safe & Proper Lifting For Any Tesla Model 3

Our New Version Jack Point Adapter Now Includes A Soft Yet Super Durable PTFE Liner That Will Protect The Underside Of Your Tesla (The Paint Job) 100%. So You Can Rest Assured That Jacking Up Your Car Will Not Leave Any Mark On The Car Anywhere.

Our Jack Point Adapter Is Machined From Billet Aluminum 6061 T6 And We Use Viton O-Ring For The Adapter, Together This Tool Will Last You For A Long Time. And You Can Keep It In The Car As A Service Tool.

This Adapter Will Fit Snugly Into The Jack Point Of Your Model '3' And Once It Is In Place, You Can Easily Jack Up Your Vehicle To Change Tire/Wheel, And Other Service.

Please Do Not Leave This Adapter Permanently With The Car As It May Drop Off The Car Over Time.
