Date Issued	Permit Type	Work Class	Permit Number	Status	Contractor Name
05/10/2022	DSINSP - Electrical (Non-Residential)	Charging Station	ELENR-022277-2022	Issued	IMPULSE ELECTRICAL SERVICES.

Permit Expiration: Per General Statue 160A-418, permits shall expire six (6) months if work has not commenced or if after commencement, the work is discontinued for a period of 12 months.

Refund: Trade permits will only be refunded within the first 6 months of issuance. All refunds are subject to an administrative fee per permit, which is equal to the minimum permit fee.

Permit Portal: Use the permit portal at permitportal.raleighnc.gov to request inspections, make payments and manage your projects online. To see all permits and available inspections for your project, go to the main permit and click on **Sub-Records**.

Certificate of Occupancy, Certificate of Completeness: The Certificate of Occupancy (CO) or Certificate of Completeness (CC) will be issued automatically after all final inspections are approved for the project by the next business day. Go to the **Attachments** tab to view your CO or CC. An application is required for Partial Certificate of Occupancy (PCO) for commercial projects, and Temporary Certificate of Occupancy (TCO) for residential and commercial projects.

Customer Service Center: (919-996-2500): Call the Customer Service Center between 8:00 a.m. and 4:30 p.m., for help relating to inspections, payments, the permit portal or general enquiries.
