

Brushed Metal Series

The Brushed Metal series are a unique texture that has the appearance of metal, but will not interfere with the iPhone's antenna like foil would. These items are a 3D textured material that feels great in your hand, and reflects light based on the pattern.

Colors:

Gold
Silver / Aluminum
Steel
Blue Steel
Black Steel

Carbon Fiber Series

The Carbon Fiber series comes in a wide variety of colors to match any style. These items are a 3D textured material that feels great in your hand, and reflects light based on the pattern.

Colors:

Matte Series

Our Ultrathin Matte Series is perfect for somebody who wants to add some style or protection to their device without a lot of bulk. These items are extremely thin and smooth, but still feel great in your hand.

Colors:

Black
White
Red
Blue Metallic

Sparkle Series

Our unique Sparkle Series comes in a variety of colors and has a sandy texture that glitters in the light. These items are a 3D textured material that feels great in your hand, and reflects light based on the pattern.

Colors:

Pink
Green
Yellow
Orange
Purple
Red
White
Black

Snakeskin

Wild yet stylish, our Snakeskin Series are the only items we sell that actually have a printed pattern. Even so, these items still have a 3D Texture that you can feel and see. The Snakeskin Series allows you to go wild with style.

Styles:

Midnight Black Snakeskin
Brown Patterned Snakeskin
Gray Patterned Snakeskin
Silver Snakeskin
