Obeche Wood Gloss Décor

Supercharging

Twin Chargers

Active Air Suspension

Sound Studio Package

Tech Package

---

I'm moving permanently to Switzerland/Europe hence selling my "Brownny".

I bought the car in May 2015 as a CPO directly from Tesla with 16,472 miles.

Never had a better car. My wife, I and the kids love it, but unfortunately we cannot take it overseas for known reasons (void of warranty, country-specific modifications etc.)

Car has to go by end of June one way or the other.

I got already a trade-in offer from Tesla, but would like to test the waters whether I get a couple of dollars more selling it privately.

### As of May 30<sup>th</sup>:

- Year 2013, VIN: P048xx
- 37,980 miles (car will be driven daily until sold)
- 252 miles rated range (100% charge)  
226 miles rated range (90% charge)1
- End of warranty: May 12<sup>th</sup> 2020 or @66,472 miles
- last annual service done March 10<sup>th</sup> 2016
- very well taken care of, always garaged
- Price: **US\$ 61,000**

21" wheels/tires are only driven a couple of hundred miles, since I switched right away to 19" wheels. Asking price includes 21" wheels and tires.

### Accessories to be sold separately:

- 19" wheels incl. all-season tires  
(wheels: 19X8.5 RIAL LUGANO OE CAP BRIGHT SIL  
tires: P245/45R-19 GOODYEAR EAGLE RS-A2)
- set of 4 winter tires (1 winter used)  
(245/45R-19 Michelin X-Ice Xi3 XL)
- set of wiper blades  
(Bosch ICON Wiper Blade)
- parcel shelf

with 21" wheels...

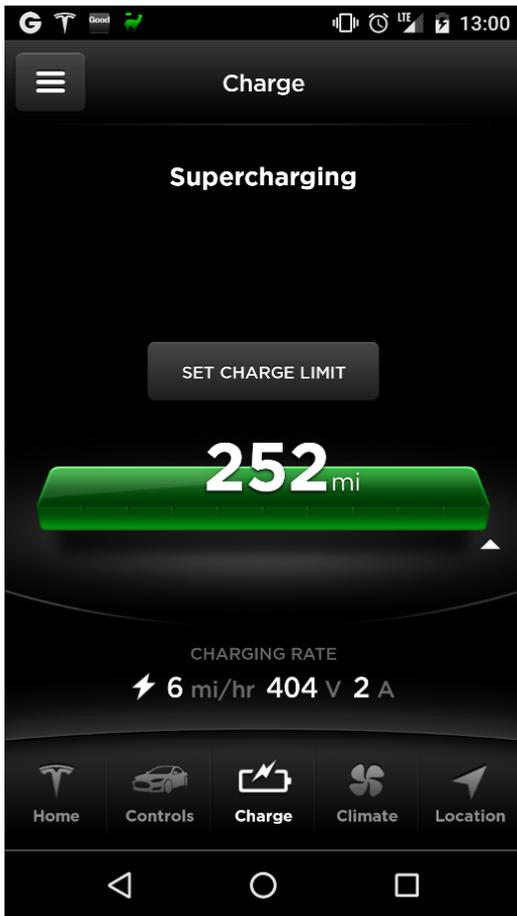

with 19" wheels...

rated range 100%, as of May 30<sup>th</sup> 2016
